in 5 or 20
Litre drums

**MOSS, MOULD, LICHEN, BLACK FUNGI &
ALGAE REMOVER - Bacteria remover**

CONTAINS 198G/L BENZALKONIUM CHLORIDE
spray onto a surface and leave to the elements
to do the work for you!

THE SAFEST AND EASIEST WAY TO REMOVE MOULD!

BUSHBY'S – BAC ATTACK is a blend of Biodegradable surfactants that work to remove the mould and Moss for you.

For Use on: Stone, metal, timber, tiles, shade cloths and fabric materials...Majority of surfaces are safe for use with Bac-Attack. Cool room panelling, retaining walls, roofs, driveways, pergolas, furniture, shade cloths and sails, pavers, concrete areas and walkways. All of these areas can be cleaned and protected with Bac Attack.

DIRECTIONS FOR USE: Always use on a test area first.

Dilute as required (see below) into an applicator of your choice. (Spray bottles, larger pump spray packs, garden spray packs or even a mop and buckets will work fine). Spray over the area to be cleaned and allow the area to dry. Leave for as long as required to kill and remove moulds and algae from surface. Outdoor areas work best.

TIPS FOR BEST RESULTS

If possible, rough up the surface. For example, if you are applying to a concrete area, a 'stiff broom' over the infected area will aid in the process. Then apply Bac-Attack. This will help the product infiltrate the surface, and speed up the process.

Always apply to a dry surface!

Dilutions

Full Strength : - For the blackest/thickest of moulds and mosses

1:5 parts water:- For light to medium growth areas

ENVIROMENTAL: Fully Biodegradable, Phosphate free, pH Neutral, No Chlorine, Caustics or Acids

REMOVES - MOSS, MOULD, LICHEN, BLACK FUNGI AND ALGAE
